Amazing indoor and outdoor space with a lovely Goa vibe. The food is as diverse from Bengali to French continental. My favourite is the Bengali Thali for lunch which is something special not to be missed.

My go to cafe for breakfast, lunch or an evening snack. Beautiful outdoor space with local artwork paintings for sale and totally chilled Goa vibe. The Artjuna toast and Turkish lentil soup are my favourites with a watermelon feta salad.

Pisco - By the Beach

The most amazing view at sunset so please book the hammock table. Must try their Pisco Crispy Filo Tart, Spicy Artichoke & Cheese Cones and the Blue Corn Tacos.

One of the most lovely and fun places in Goa where Greek food and loud music go hand in hand. A must visit.

Elephant and Co. Anjuna, Goa

A lovely restobar under a great banyan tree and overlooking a paddy field. The food is absolutely divine right from dimsums to the pasta. They have good DJ events on the weekends with a nice bar vibe.

Artjuna Cafe, Badem

A cute & cozy cafe for breakfast or evening coffee. Opens early for some delicious coffee. Scrumptious pastries and fresh breads you can even take home.

Mademoiselle Boutique Hotel and Cafe

Great for coffee and snacks for either breakfast or evening coffee. Sit outside with fountains and music which create a great ambience.

Bawri

Fabulous lunch place with excellent India food. For the appetisers order the spicy thecha potatoes, dosa stuffed with paneer and the gucci mushrooms. In the main course besides the black dal do recommend the gutti aloo sabzi.

Izumi Assagao

The popular Mumbai restaurant is focusing on sushi, yakitori and its signature ramen in Assagao now. Set in the incredibly lush boutique guesthouse Botanique this indoor-outdoor setting is perfect to sip on a cocktail or enjoy a hot ramen bowl.

The Sanctuary Bar and Kitchen Goa

The Sanctuary is run by celebrity chef Sarah Todd. A centuries-old villa in ruins has been beautifully restored while maintaining the character intact. There's a sleek indoor dining area, a kid's room with a climbing wall, an indoor bar and a large verandah. The menu blends a bit of Goan and Continental so there is something for everyone. They have some interesting gigs and the place really transforms in the night.

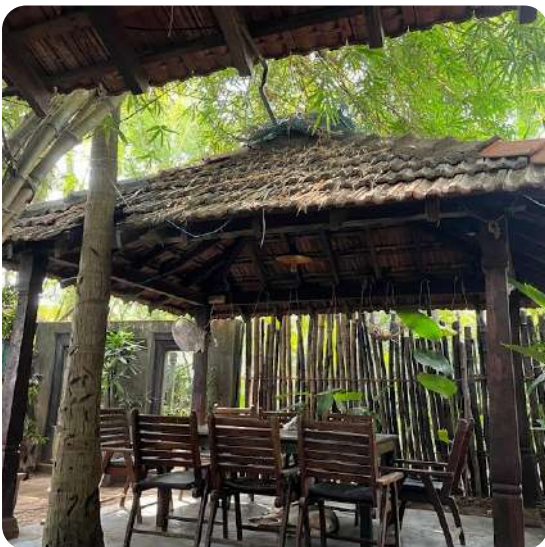

The Tanjore Tiffin Room, Goa

It is set in a 150-year-old Portuguese bungalow in Anjuna offering its signature Tamil flavours in Goa with indoor outdoor seating. They offer a sampler tray, which allows you to try various curries and rice dishes before placing your order. Beautiful vibe for lunch with tasty food.

Hosa

Overlooking the Chapora river this Portuguese villa has warm interiors and alfresco seating. South Indian fare is served from Kerala to Telangana in a laid back style contrasted only by sophisticated presentation of food. Sip on drinks from a 20-page menu and taste desserts such as the Mysore pak coffee cake.

Jardin D'ulyse

This charming open-air restaurant where the swaying of coconut palms and live music mingle in harmony. The menu highlights the proximity to the beach with fresh seafood served grilled, fried or raw. Order something off the vegan menu and pair these with classic cocktails to set the mood for a romantic evening.

Thalassa Beach Boutique Resort

A beach club in Morjim that looks like Ibiza meets Bali. Located on the Morjim-Ashvem beachfront Thalassa is known for simple, Greek fare, most of it grilled and oregano/tomato/lime based. They have the most delicious Spicy Mushroom Saganiki and Eggplant Moussaka. There are very innovative cocktails to sit and sip on their long thached bar. Mariketty and Spiro have done a fab task of taking things up a notch in Goa.

Tikitii

Tikitii is located on the shores of Morjim Beach, a restaurant, lounge bar and night club where the sun retreats gracefully leaving behind a canvas of golden hues. The beachside ambience here with a sexy Mexican vibe has eclectic cuisine from around the world.

Como Agua

Como Agua is a pizzeria that focuses on Naples-style pizza and other Italian dishes. The rustic interiors have extensive use of lantana, a weed from the northeast of India, intricately hand-woven. The dough here undergoes a 72-hour proofing process before it enters the oven and the pizzas are definitely the best in Goa. The burnt cabbage in a pink sauce is a must try! The negroni bar offers innovative twists on cocktails and the Bloody Mary with clarified Tomato water in white is just amazing.

One of the most iconic clubs which has the some of best events in Goa. Many good music festivals are hosted here and multiple international DJs come to play. The whole ambience is amazing and they know how to create a good experience. Just make sure you get early to find parking and are on the guest list. The annual White parties are a bit overrated so can be skipped.

City/town information

Assagao Gram Panchayat Office

Assagao is fondly known as the Beverly Hills of Goa. This area is home to Goa's best restaurants, bars and nightclubs. We highly recommend that you rent a car as most places in Goa are not walkable. There are no UBER or hail-able taxis in Goa. So the best option is to rent a car from the Airport and keep it with you during your entire stay in Goa. If that's not possible, you could look at options of renting a car and driver for your entire stay.

Agonda Beach

It would take you over 2 hours to reach this beach in South Goa, but if you like the peace and quiet, you will love Agonda.
